PROFESSIONAL SUMMARY

Results-oriented Python Full-Stack Developer with hands-on experience building and deploying production-ready web applications using Django, Django REST Framework, PostgreSQL, and modern frontend technologies. Proficient in RESTful API design, database architecture, cloud deployment (AWS EC2, Nginx, Gunicorn), and Firebase integration. Trained at Brototype with a 100% project-driven approach, delivering real-world solutions including e-commerce platforms, business management systems, and dynamic portfolio websites.

TECHNICAL SKILLS

Languages	Python, JavaScript, HTML5, CSS3, SQL	Backend	Django, Django REST Framework
Frontend	React, Bootstrap, Tailwind CSS	Databases	PostgreSQL, MySQL, SQLite, Firebase
DevOps & Cloud	AWS EC2, Nginx, Gunicorn, Git	Tools & APIs	Postman, VS Code, Linux/Bash

PROJECTS

Shoedrop — E-Commerce Platform

Django · DRF · PostgreSQL · Tailwind · AWS

- Built a full-featured online store with product catalog, shopping cart, order management, and admin dashboard.
- Implemented user wallet system with payment gateway integration, order cancellation, and refund logic.
- Designed RESTful API endpoints with JWT authentication for secure user and admin operations.
- Deployed on AWS EC2 with Nginx reverse proxy, Gunicorn WSGI, and SSL configuration.

[GitHub](#)

Catering Management System

Django · PostgreSQL · Bootstrap · PWA

- Developed a comprehensive business management tool for catering operations with staff, order, and menu management.
- Built staff management module with role-based access control and administrative CRUD operations.
- Implemented Progressive Web App (PWA) features with offline support and installable download page.

Developer Portfolio Website

HTML5 · CSS3 · JavaScript · Firebase · Vercel

- Designed and developed a dynamic portfolio with Firebase-powered CMS admin panel for real-time content management.
- Built custom admin dashboard with project CRUD, skill ordering, color selection, and image upload capabilities.

Lumen Films — Creative Agency Website

React · Vite · Django · DRF · Docker

- Built a modern agency landing page with GSAP scroll animations, cinematic hero sections, and responsive design.
- Developed Django REST Framework backend for portfolio, team, and service data management.
- Configured Docker Compose for containerized full-stack development environment.

EDUCATION

Full-Stack Python Development (Self-Paced Training)

2025 – Present

Brototype, Kerala — Project-Driven Industry Training

Bachelor of Commerce (B.Com)

Graduated

Sullamussalam Science College, Kerala

KEY STRENGTHS

- Backend-first architecture and API design thinking
 - Self-learner — explores tools and frameworks independently
 - Experience with production deployment pipelines
- Strong problem-solving and debugging skills
 - Clean, maintainable, and well-documented code
 - Collaborative and adaptable team contributor
